We have involved all our resources to develop a product line that our customers, architects, and designers will come to trust as a viable solution to their interior office design needs. Use our 487 Series Office Partition Frames for sidelites to doors, clerestory lites, borrowed lites, or continuous glass walls. A great way to divide interior office space and provide acoustical privacy, all while allowing desirable light to enter the indoor spaces and qualify for LEED® (Leadership in Energy and Environment Design) Green Building Rating System™ credit.

Superior Glass offers a variety of Office Partition Hardware to make state-of-the-art interior office systems available to the glazing industry. Our commitment to our customers is to carry sufficient inventories of popular stock items, and provide short lead times for special orders. It is a total program that will allow your entry into the Interior Office Front Systems market.
